Dear Resort 2 Kindness and all who donated;

I am speechless. What today meant to Allison, her parents, my other students and most certainly me cannot be conveyed in words. R2K is WONDERFUL. You have touched and inspired my class and me to be kinder and more loving. Your words penetrated us and moved us into action. I can never thank you enough for what you did today. Allison clung to her necklace and award. She carried them everywhere she went. I have never seen her so happy since I had her in the fall of 2008. I would love to find out where you got the dog paw charm of her bracelet. I would like to buy one and wear it as a visual reminder of what one little girl can do. One dog, two hearts and a world of kindness. Jesus would be proud. May we all aspire to reach your heights.

I will never be the same again and in 39 years of teaching, today is at the top. God bless and keep you all. My love and prayers are with you.

Sincerely,

A better person after meeting R2K
